PRESS RELEASE

Quality Health Management Wins Middle East Healthcare Innovation Award

March 26, 2013—Quality Health Management ("QHM") has been awarded the *Middle East Hospital Magazine* Health and Innovation Award for provision of healthcare services.

Accepting the award, Patricia Ziomek, co-founder and Principal, said: "We are delighted to receive this accolade for our work with our clients in the Middle East, a region in which we are looking to grow. 2012 was a big year for QHM as we expanded to offer our global network of providers in over 80 countries to US and global companies including insurance companies, self-funded groups, maritime industry, missionary groups, student groups and the self-pay market".

About Middle East Hospital Magazine

Middle East Hospital Magazine is an English language publication focusing on Hospitals and Healthcare in the Middle East and benefits from input from leading medical authors and specialist practitioners across the globe. The magazine is edited and published in the UK with editorial input from France, Bahrain, Abu Dhabi and Saudi Arabia.

About QHM

Quality Health Management, LLC ("QHM") is an internationally recognized cost containment service provider offering health administrative solutions, access to physicians and hospitals globally, custom-designed patient care protocols and member service solutions on behalf of international health insurers, self-funded industry, governments, maritime industry and global employers.
